## What caregivers had to say about the services of the CAC during the 2017-18 Year:

It was especially appreciated that we all felt supported and not shamed or embarrassed.

The friendliness and obvious compassion the staff showed both my child and myself in what is a very stressful situation was very appreciated.

They explained everything in detail and [were] very helpful and made us feel comfortable. I want to say thank you for being good with her and made sure she understood everything and made her completely safe.

The staff cared most about my child and his needs through this process.
